DEDICATION
DAY
OCTOBER 11

DEDICATION DAY OCTOBER 11

At two-thirty on Sunday, October 11, our school will be dedicated. Thinking back for a moment, one would remember 1957 when we were a student body of six hundred, utilizing twelve teachers at the old Annex of Santa Clara High. Today, the student enrollment is nearing sixteen hundred while the faculty numbers sixty-three; and best of all, we have our own magnificent school, which all of us are duly proud of.

Everyone is heartily welcomed to the dedication, and the open-house program which will follow immediately after. The dedication ceremony will take place on the stage of the inner quad, while the formal dedication of the plaque is scheduled for the area around the flagpole in front of the school. During the open house the teachers will be available in their rooms while tours will be offered by student guides.

Included in the dedication program are numbers by the Buchser High band and choir, directed by Mr. Melvin Di-Salvo. Some of the speakers on the agenda include the following: Emil R. Buchser, superintendent of the Santa Clara School District; Clyde Spencer, president of Buchser High Student Body; and Joseph Rebeiro, mayor of Santa Clara. A high point of this ceremony will be Mr. Buchser's presenting Mr. Herbert Stocking, Buchser High principal, with the keys to the school.

CLASS OFFICERS AT BUCHSER

The students of Buchser High chose their class officers last Friday. For the Senior class the results were as follows:

President Phil Short
Vice-President Patti Andrews
Secretary Fran Mac Seaton
Treasurer Karen Gardiner

For the Junior Class, the officers are as follows:

President Johnny Dawson
Vice-President Sherri Stone
Secretary Pat Ballantyne
Treasurer Gary Steinbach

The Sophomore officers are as follows:

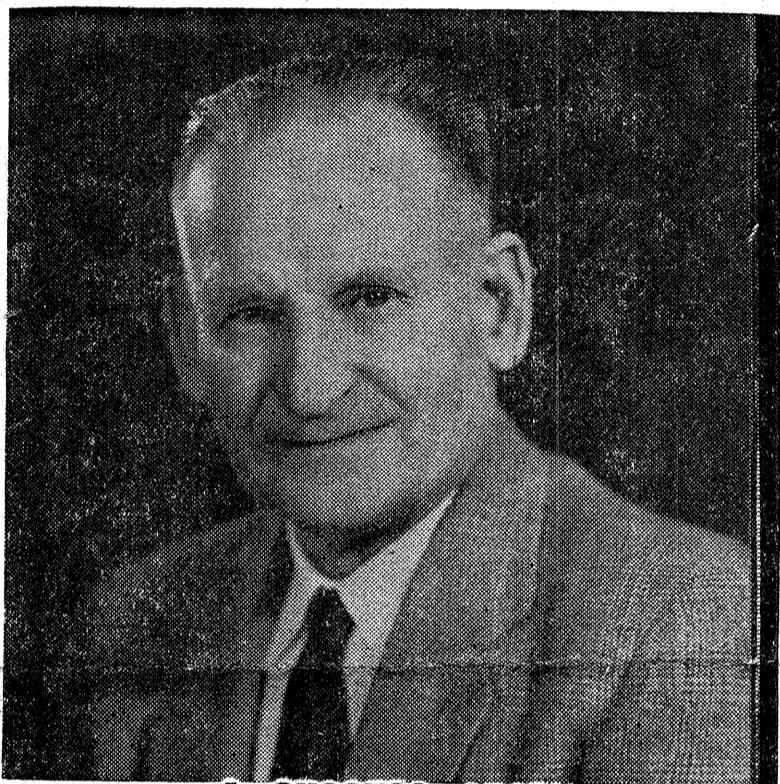

President Jerry Hirata
Vice-President Jerry Parkhurst
Secretary Pat McManus
Treasurer Bernie Lewis

The Freshman class officers are as follows:

President Don Holiman
Vice-President Susan Hannah
Secretary Michele Moers
Treasurer Jenny Ward

Congratulations to our new class officers!

EMIL R. BUCHSER

A SUCCESS STORY

Next Sunday our beautiful school will be dedicated. This is the story of the man for whom it has been named.

Mr. Emil R. Buchser began his career in the educational field as a teacher in 1920. He then became principal of an elementary school, and from there he became principal of the Santa Clara High School in 1938. He was made superintendent of schools of the Santa Clara Elementary District as well as the Santa Clara High School District in 1940. He has served in this capacity for almost 20 years and has saved the district several million dollars during this time because of his farsightedness.

During his career he has also been active in the recreation field, the Rotary Club, the Santa Clara Symphony Association, and many other civic affairs. He has spent most of his life working for the betterment of education in the Santa Clara School District, and it is altogether fitting and proper that our school be named for so great a man as Emil R. Buchser.

FOUR ATTEND CONFERENCE

Four students from Buchser attended an eight-hour youth conference sponsored by the Santa Clara County Citizens Committee on Children and Youth on Saturday, September 26. Representing Buchser at the conference were Clyde Spencer, student body president; Elaine Deckard, editor of the yearbook; Sherry Brooks, editor of the *Bear Prints*; and Jim Knabke president of Key Club. The conference was held at San Jose State College. Representatives of all the other high schools in Santa Clara County and about seven hundred adults were also in attendance. Such topics as juvenile delinquency, influence of homelife, importance of education, and vocational guidance were discussed, and suggestions for remedial action will be made to the governor. A full report on this conference and its results will be presented to the student body sometime next March.

FIRE STRIKES BUCHSER HIGH

During the first period, September 23, a fire of unknown origin did minor damage to the boys' rest room in the F wing. Most of the damage that occurred was smoke damage and will require cleaning and painting. Because of the immediate response by our Santa Clara City Fire Department, further damage was averted.

Mr. Stocking, principal, said, "I want to thank the student body of Buchser High School for their conduct during this emergency and assure all that we are moving forward immediately to repair the damage."

An investigation to determine the actual cause of the fire was conducted.

SALES SLIDE

Many Buchserites still do not know what advantage a student body card is to them. Your student body card admits you free or at a reduced rate to all athletic events and dances. It entitles you to a copy of each issue of the school newspaper and to a copy of our first school annual. Your student body card signifies that you are an active member in your school and class, and you may vote and participate in all their activities.

As all loyal Buchserites know, our big rival is Santa Clara High School, our big brother school. When you purchase a student body card, you are benefitting yourself in a big way. Last year Buchser snatched the trophy from Santa Clara with a percentage of 65 to Santa Clara's 63. This year we are working to keep our victory trophy and exceed last year's percentage. Buchser needs your support; your class needs your support; so if you haven't purchased a student body card yet, GET IT NOW!

Your purchase of a student body card may mean \$100 for your class. If 75% of the students at Buchser do not purchase cards, the \$100 for a class prize will not be given. So get out and support your class and school by buying a student body card.

Write and Be Famous

How would you like to have your own story or poem in the new literary magazine? Just think! Over one thousand of your fellow classmates will read and share your happy or miserable feelings. Are you with us so far? Then here's all you do:

Write a poem or story and get in touch with the editor or one of the members of the magazine staff. Now, this story really has to be something. It must possess literary quality and be original, and, last but not least, written in good English!

Just suppose that you want to have more to do with this than writing a story. You can join this staff. Art students are needed to design the cover. There is a need also for typing students and creative writing students. If you want to join this staff, see Mrs. Klose, who is sponsoring the magazine in room A6 some time before or after school.

Let's get together and make this first literary magazine the greatest!

THE BIG SWITCH

Tuesday, September 29, was the date of the "Big Switch." Many students were transferred from a majority of their classes; others weren't transferred at all.

Many Buchserites have wondered what circumstances prompted this switch. As we are all aware, Buchser has many, many more students than had been planned for. These first few weeks found many classes over-crowded. The enrollment at Buchser will continue to increase from now until approximately the end of the first semester when enrollment should be at its peak. In anticipation of the future growth, the administration had to make adjustments, and so three new teachers were hired. This increase in faculty naturally affected many classes. Fifteen new sections were opened: English I, English 2, English 3, English 4, senior problems, United States history, world history, two classes of general math, plane geometry, Algebra II, chemistry, Typing I, mechanical drawing, and Basic Electricity I.

Mr. Franusich wishes to announce also that this year there will be a new policy concerning freshmen taking Algebra I. All freshmen students receiving an "F" the first six weeks grading period will automatically be put into general math.

There are many reasons for this policy, but one that may be of interest is this: students having trouble in the first couple of weeks usually find it difficult to pull their grades up. If they miss a whole semester, it is much harder to make up the work in the new class.

BUCHSER'S NEW STUDENT STORE

Mr. McGinness who is directly in charge of running the student store explains that there are two purposes for having it. The profit goes to the A.S.B. to help with expenses; and more important, it is used to train students in handling and operating the cash register, selling, stocking, taking inventory, and ordering. The office practice students also work during their study hall and their secretarial pool when they type, mimeograph, and run off ditto masters. They also learn to file and record. All students receive 1/2 credit.

Student Body Officers

What does your job as a student body officer mean to you? What are your plans for this school year? These questions were asked of your student body officers, and here are their answers.

Clyde Spencer - President:
 "I consider it an honor and a privilege to be president of Buchser High School; however, this office requires a lot of work and responsibilities. I recognize this and will fulfill my duties to the best of my ability."

When asked what he was planning for the coming school year, Clyde said that a car show would be among the exhibits of the Buchser Carnival coming up in May.

Baby Bottle Bop

At eight o'clock the Friday of the Camden game the Baby Bottle Bop, or Freshman Reception, began under a ceiling of pink and blue crepe paper. It ended a total success. The cafeteria was as crowded as the Whatzit on a Friday night. One could hardly dance without bumping into someone.

The freshmen were welcomed to Buchser by the varsity cheer leaders who gave a couple of yells for the freshmen. There was a dance especially for the freshmen in which two couples were chosen winners. Eddy Alfano, Barbara Pitts, Butch Aserella, and Kathy Taylor were given baby bottles filled with tasty milk shakes. The new class officers were also announced at the dance. There was another fast dance contest and the winners were none other than Mr. Marquardt and Miss Goodell.

When asked what her plans are for the coming school year, she said she would like to see a cheering section filled with students dressed completely in white.

S. Whitmer - Her job means the same as the others. She likes working on a team and gets a wonderful feeling of accomplishment from her job. For their plans they all hope to teach the student body six basic yells and to arouse more SPIRIT!

SHIRTS and SKIRTS

These are your student body officers; so learn them well. They are here to help you and carry out your projects. Mr. Seibert is your student dean; he's here to help take care of your clubs and activities and make sure they run correctly.

When it comes to blouses, Diane Rose has the right idea with her long-sleeve tailored shirts. They always look nice with any type of skirt.

Will somebody tell me where June Namimatsu and Barbara Hannah got their wardrobes. It seems each day they come to school, they have a new and better looking outfit.

Artificial flowers seem to be coming in also. On Sharon Sook they are very smart looking.

Paul Stewart - Vice-President:
 "In the absence of Clyde at any meetings of the student body or student council, I am to take over. One of my responsibilities is to know what is going on at all times." As vice-president, he is also responsible for all student body property.

Sharon Sook - Secretary:
 Sharon says she is proud to represent the student body of Buchser High and hopes the coming year will be a wonderful one. She plans to help the student body with most of the activities planned.

Sandi Whitmer, Marina Adamich, and Mary McGuire - cheerleaders:
 M. McGuire - Her job means fun and responsibilities, but she says she will enjoy her responsibilities because it is a chance to represent her school. She also gets a feeling of accomplishment from cheerleading.

Barbara Downey - Election Clerk:
 This girl is responsible for all elections and keeping a record of who wins when an election takes place. Barbara feels more a part of the student body by doing something for her school. She also feels that in this way she will have more of a hand in student activities.

Diane Rose - Entertainment Chairman:
 Diane is in charge of all rallies, all dances held for pregame hops, and many other of your student activities. You have her to thank for the first rally, which was such a success. Diane says, "I like participating in student council and being able to contribute something to my school..." She says that she also enjoys planning rallies. Immediate future plans are Spirit Week and the Christmas Ball. Of course there will be more rallies and other wonderful activities for the whole student body.

BEAT SANTA CLARA!

Stripes! Boy! Has anybody noticed the loud, striped sweaters that are coming in? They are worn mostly in Buchser colors and are worn on the days of our games. These clubs are just suggested ideas and are being pondered over by the faculty:

1. Radio-Electronics No teacher as yet
2. Safety Mr. Hayashi
3. Spanish No teacher as yet
4. Art Mrs. Shaw
5. Rifle No teacher as yet

BRUINS' DOIN'S

By Sheri

The Saturday following the first Buchser varsity game, Sherie Stuart had a pajama party. Those joining in the fun included Patti Andrews, Sue Stuersel, Linda Laurie, Pat Baker, Phyllis Lazauski, Mary Jane Orason, Barbara Smith, Donna Ege, and Mary McGuire.

Hey, Bob DeLapp, whom did you send the funny card to???? Oh, yes, and how's poker by candlelight, Sue???? Diane Silva wants to know whose locker she and Sue K. are going to use.

Linda Laurie is having a street dance on October 17, on Ryan Avenue off Homestead one block left of Pomeroy. All Buchserites are invited, but remember to bring your quarter.

Remember the rainy day when all the car batteries went dead. It was something to see Sharon Forbes, Donna Ege, Fran Johnson, Karen Janes, Pauline Eddy, and others out pushing in their stocking feet!

Elaine Deckard is going with a marine and has been since summer.

Two of the new teachers were sitting close together, in the shade of the snack bar sipping coffee.

(P. S. One was a man and one was a woman) Aha, very suspicious!!!

If you want a hamburger, go see Marina. She's working at Kirk's now. Also, Donna Ege should be flourishing with dates since she got a job at Santa Clara U.

Bye for now — any news? Let me know.

P. S. You teachers don't have to be afraid to put your lunches in the refrigerator now, because Mr. Unger took his frogs out!!!

CLUB NEWS

To promote school spirit and make this school of ours a better and more enjoyable one, everyone should be active in at least one club.

There are many clubs that are planned. These are the clubs and their supervisors that are definitely going to be formed this year:

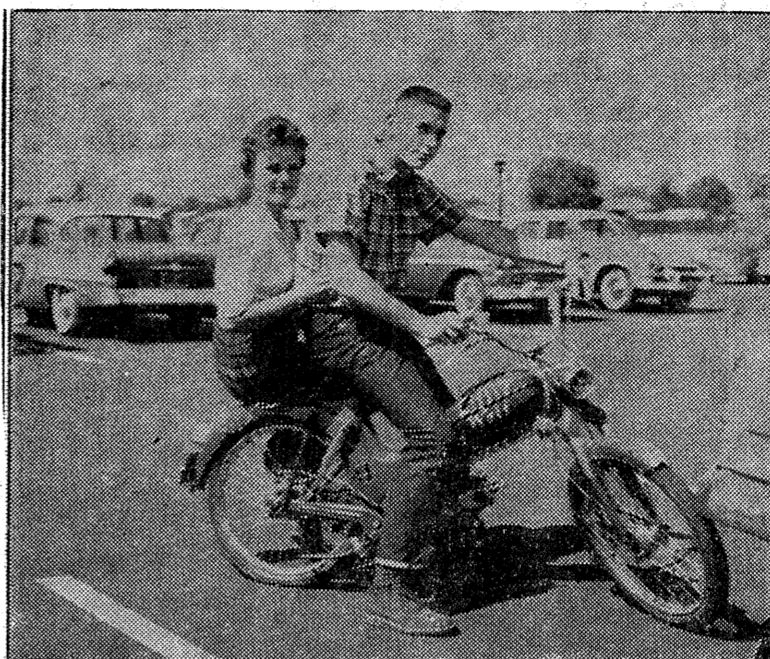

1. Audio-Visual Mr. Bianucci
2. C.S.F. Mr. Herman, Miss Goodell
3. Camera Mr. Phillips
4. Chess Mr. Criger
5. Future Nurses Mrs. Bagnatori
6. G.A.A. Mrs. Bush
7. Jr. Red Cross Mrs. Shaw
8. Key Club Mr. Dunn
9. Letterman's Club Mr. Bergna, Mr. Nelson, Mr. Shuler, Mr. Unger
10. Rally Committee Miss Carlson
11. Science Mr. Johnson
12. Speech & Drama Mr. Marquardt
13. Student Council Mr. Seibert
14. Brunettes Mrs. Kincaid
15. Girl's League Mrs. Garth
16. H-I-Y Mr. McFarland

These clubs are just suggested ideas and are being pondered over by the faculty:

1. Radio-Electronics No teacher as yet
2. Safety Mr. Hayashi
3. Spanish No teacher as yet
4. Art Mrs. Shaw
5. Rifle No teacher as yet

BEAT SANTA CLARA!

Guys and Dolls

By Jackie Panetta

Going to San Jose State and becoming a grammar school teacher is the ambition of our sixteen-year-old pretty, perky senior girl of the week, Lynn Watkins.

Lynn was born on December 27, 1942. She possesses baby blue eyes, light brown hair, and stands 5 feet, 5 inches tall.

Hamburgers stand high with Lynn, while sauerkraut and chemistry don't please her.

Lynn is an active member of G.A.A. and is secretary of the Student Body.

Her favorite song is "Pretty Girl", and Keely Smith is her favorite singer.

Lynn's pet peeve is students who do not act themselves, but imitate someone else.

Her ideal boy must be taller than she, have brown hair and eyes, and be intelligent. I think she has found him already. Good work, Lynn!

THE TRAVELING SCIENCE LIBRARY

Buchser is one of approximately 1,700 secondary schools selected to participate in the Traveling High School Science Library Program. This is an experimental undertaking administered by the American Association for the Advancement of Science at the request of the National Science Foundation and financed by a grant of funds from the United States government.

Affords Opportunities
 The purposes and objectives of the program are (1) to develop an interest on the part of high school students in reading books (other than textbooks) on science and mathematics and about scientists; (2) to make available to students a larger fund of factual science information; (3) to help students to develop an informed viewpoint and thus to facilitate and stimulate the choice of a career in science or mathematics; (4) to afford students of science and mathematics an opportunity to broaden and deepen their own scientific background; and (5) to determine valuable acquisitions for school and community libraries.

The Traveling High School Library consists of 200 books. Every program school will receive two units of 50 books at a time, and they will be available in the school library for a period of approximately two months. These books can be checked out for one week.

BEAT SANTA CLARA!

BIRTHDAYS

October 9-27

To those whose names are not mentioned, we wish you a happy birthday also. If your name was not mentioned, it was due to the heavy work of the reporters.

Oct. 9: Joan Bakken, Beverly Collett, Pete Adams; Oct. 10: Porter Hursi, Margaret Tindel, Jack Martin, Julonne Milburn, Judy Jackson, William Carter, George Conple, Jim Egan, Diane Ferrari; Oct. 11: Aileen Garmon, Leopoldo Guzman; Oct. 12: Linda Jack, Herman Fite; Oct. 13: Cheryl McDonough, Thomas Rourke, Charrie Schieber, Edward West, Pamela Ackerson, Joel Daniel; Oct. 14: John Ames, Clarence Eddy, Brenda Friss; Oct. 15: Jackie Panetta, Robert Whitam, Earl Leech, Jim Borghorst; Oct. 16: Thomas Mikkar, Mike Montano; Oct. 17: Gay Short, Connie Johnson, Carol Lull, Jerry Drysdale; Oct. 18: George Bruce, Wilford Cobb; Oct. 19: Sandra Silva, Josie Ruiz, Anna Giacomo; Oct. 20: Dennis Evans, Sharon Krueger, Dwight Radd; Oct. 21: Lupe Alvarado; Oct. 22: Ricardo Dalazar; Oct. 23: Sherry Fleete, Sharon Hursi, Mariangela Conventino; Oct. 24: Kay Johnson, Harvey Hatling; Oct. 25: Bob Marichalar, Clyde Coll; Oct. 26: Marcia Jones, Ray Blumenthal, Marsha Austermuehle; Oct. 27: Kathleen Brington, Phillip Muthily.

SAD PANTHER

All hail Clara Cat,
 Her muscles turned to fat,
 She used to have such golden hair,
 But now she's cat food for our bear.

Old cat you'd better yield,
 Or fertilize our field,
 You'd better run and save your hair,
 Make way for the Buchser Bear.

She covers with a pout,
 The teeth that've fallen out;
 She licks and licks her mangy hair,
 Until her skinny back is bare.

Old cat you'd better fold,
 The strong replace the old.
 So run and try to save your hair,
 Make way for the Buchser Bear.

HE'S A NEW FATHER

Mr. Peter Ainslie, on Sunday, September 27, was blessed with an adorable baby boy. The students wish him congratulations.

Mr. Ainslie is a graduate of Syracuse University. He participated in his school's activities and belonged to the fraternity PSIU. This is his first year of teaching. When asked how he liked teaching, his immediate response was, "I love it."

Peter Ainslie finds listening to jazz his favorite pastime. Swimming and following the major sports rank next.

Mr. Ainslie's only pet peeve is people with bad conduct. To inquiries about his first impressions of our school, he replied, "Buchser High is the nicest looking high school I've ever seen! And one other comment that was very emphatic was the fact that he was very much impressed with the tremendous school spirit shown by the majority of the students.

DESIGNS IN HER SPARE TIME

Yes, Miss Judith Trummel actually designs many of her own fashions. Sewing is her favorite pastime but she also lists reading, music, and making jewelry as interesting hobbies.

Miss Trummel is a graduate of the University of Illinois, and this is her first year of teaching. When asked how she found teaching her first year, she replied, "I thought I was unorganized when I started. Now I'm completely disorganized."

Miss Trummel lists her dislikes as few, but among them are people who can't follow directions and people who don't listen.

likes Buchser so much that he says, "I'd die for my school!"

BOOLA'S RALLY

Bright and early on September 26, twenty-two sleepy girls arrived at the school to attend the Rally Convention. This was the fourth year it had been held in the S.C.V.A.L. division. Those attending were the varsity song girls, the 30's yell leaders and song girls, plus six others.

The first part of the convention consisted of registering and eating. A general assembly revealed that seventeen schools were represented. The girls were divided into groups — varsity yell leaders in one group, the 30's in one, song girls in another, decorations, skit, and art and advertising in other groups. Discussed were such ideas as ways of increasing school spirit and suggestions helpful in each group. After this, lunch was served on the football field. During lunch, signs were passed out saying, "Beat Kooka," the opposing team of our team Boola.

The rally was a lively ordeal. Two hundred girls made more noise than the Bruins at one of our rallies. The convention was planned just like a regular rally at school. The varsity yell leaders were from Logan, a brand new school. They were terrific! The varsity pom pom girls from Camden and the 30's yell leaders from Los Altos were chosen to represent the school Boola. The team introduction was followed by two skits. Barbara Smith and Linda Laurie were in one in which Linda portrayed an old doctor with arthritis; and Barbara, a tree. The rally ended in a lively way with all schools yelling BEAT Camden or whoever their next opponent was.

GAME CLIMAXES SPIRIT WEEK

Tonight's game with Santa Clara will climax Spirit Week. Everyday this week the campus has been decorated in red, black, and white. Not only the posters, and crepe paper, but the students are showing the true Buchser spirit, dressing in school colors everyday. All week we've heard "What's the word?" and spirit music over the P. A. system. Everyone was addressed as Bruin, or Fellow Bruin. Yell leaders and students with drums, etc., created spirit at brunch. At both lunches there were rallies in the cafetorium.

Homecoming Queen - - -

There was a homecoming queen elected for this week's Big Game. One candidate was chosen from each senior problems, civics, and U. S. history classes. Monday afternoon these names were narrowed down to ten by the student council and its advisors. Each girl must have had the qualifications: a "C" grade average; be willing to participate and represent Buchser in the homecoming activities. All song girls and yell leaders were excluded because they will be conducting activities at the game. Tuesday the top ten queen candidates were announced, and Wednesday, all first period classes voted and narrowed the choice down to three. Thursday a pre-game hop was held from 7:30 to 9:30 in the cafetorium. It was sponsored by the sophomore class, and the spirit shown by the entire student body helped make it the perfect prelude to the Big Game. The three queen candidates were voted on at the hop; one becoming queen; and the other two, her princesses.

Car Contest - - -

Today the car decorating contest was held. All cars were lined up in the student parking lot, and voted upon by the student council. A cash prize of ten dollars will be awarded to the first place winner, and five dollars to the second place car. The winning car will escort the homecoming queen around the field at the game, and the second place winner will escort the two princesses. A maximum of five dollars was to be spent on the decorating of each car. The winners will be announced during seventh period.

Rally - - -

This afternoon there will be a full period rally in the boys' gym. A reception in the cafetorium will immediately follow the Big Game tonight. It is the hope of all Bruins that this will be a celebration of the victorious game. As Mr. Shuler, the head coach, said, "We've been waiting for this one for a long time, and tonight we're going to go get 'em."

BUCHSER TROMPS CAMDEN 19-6

Buchser turned in the first major shocker of the SCVAL-West Division football chase Friday afternoon by stomping on Camden and winning, 19-6.

Camden got a touchdown in the first quarter with an 80-yard pass, giving them their first and final score of six. After that, the mighty Bruins took over.

Jim McGuire threw 32 yards to Jim Buck for our first score, just before the Cougars tied it with their first scrimmage play after the kick-off.

The Bruins took a 12-6 lead over Camden just before intermission when fullback Pat Harrison took a flying jump from two yards out, and clinched it with a third period score on Mike Burke's five yard smash, giving us our final score of 19-6.

BEAT SANTA CLARA!

SANTA CLARA PANTHERS

Although you think that you will win, There is a chance you won't begin. As you know, Buchser is the best. We won't give you a chance to rest. We won't give up, we'll fight and fight; And we will win Friday night. There's not a chance, but you can try; But we will win by and by. We're really going to have some fun. You'd better look out! Here we come!

C and D BASKETBALL

Buchser's C basketballers lost to Campbell 15-20 in their first contest of the season, September 24, on Bruin hardwood. The D's, however, turned in a snappy 18-11 victory with center Earl Norman and guard Ted Lewis accounting for all but two of the Bruins' points. Richard Mannein and Masaru Kawamoto were important men for the C's, although big things were expected of returning guards, Ed Quintana and Jerry Hirata.

AN APPLE FOR THE TEACHER

Dear Mr. Seibert:
 Richard Cline is going to come in after school to get a dime for this apple. Don't laugh. It has a worm in it. Mr. Stocking told him to come in and get his money refunded. Please do so.
 —Carol N.
 P. S. Don't eat the apple until you refund the money.
