BEAT

SUNNYVALE!

NEW LIBRARY

Have you noticed that our library has moved? If not you're in for a most pleasant surprise as our library is now a part of the newly constructed wings. It is an approximately 2,300 foot room complete with offices, textbook storage space, and a conference room. This library utilizes the most modern methods available.

Staffing the library this year are Mrs. Marnell Hilliman, librarian; and Miss Kathryn Dowin, textbook assistant. Mrs. Hilliman said, "The library is for the students, and we want everyone to make use of our materials. We couldn't carry out our program without the wonderful help of the library assistants who work before and after school and during study hall."

The library is open from 7:45 to 3:45 and closed during brunch and both lunch periods. A limit of two books per student has been set. Most of the books are available for two weeks; whereas the rest may be checked out for one week or overnight. Mrs. Hilliman welcomes everyone to come in and browse and look over the new arrivals.

National Assembly

Tuesday, October 27, the students of Buchser High School will be able to see Sousa, Europe's sensational master magician. At this assembly there will be mystery, laughs, thrills, and surprises!

Let's everyone go and enjoy our First National Assembly. Remember, October 27.

A Visitor Comes

Mr. Paul McDonnell, assistant cashier in charge of home loans at the Bank of America, lectured on October 15 to Mr. Jack Lyon's 2nd and 3rd period Senior Problems classes, who are studying economics at the present. Mr. McDonnell has been with the Bank of America for 21 years.

His talk was about installment buying, the money market, and housing loans. He started his talk with an article from Silvia Porter's column from the San Francisco Chronicle. The article was about the money market now and in the future. After a brief talk on this, he launched into installment buying. He explained briefly the importance of installment buying today and its growing importance. He also talked on home loans and explained interest rates.

The main point he stressed was the importance of establishing good credit at an early age. He said that if nothing else was gained from his lecture, he hoped we would remember this point above all other things.

We are greatly honored that we could have such a qualified speaker come and lecture to our senior classes. The lecture was enjoyed by all, and we would like to thank Mr. McDonnell again for taking time out of his busy schedule to come and talk to us.

JUNIORS SPONSOR SCRAP DRIVE

PAPERS, PAPERS, EVERYWHERE

Pictured above are Sue Weimer, publicity chairman; Johnny Dawson, President; Sheri Stone, Vice-President. These are the juniors that are in charge of the paper drive.

HOLIDAY BRINGS SPOOKS, GHOSTS

Would you believe it? There are still some people who believe in ghosts! If you have ever been in the country on a dark night or walking alone on a deserted street after nightfall, you, too, probably have believed in ghosts! I'm sure you will agree that it wasn't the most comfortable feeling.

When Hallowe'en began years and years ago, most people did believe in such spirits as bogies, knockers, pookas, leprechauns, brownies, and goblins. In those days, people were very busy trying to keep witches, fairies, and elves away. Jack-o'-lanterns were designed to protect the children from ghosts and all scary creatures.

Hallowe'en has always been a popular time for celebration. In many towns there are parades, and prizes are awarded for the best costumes. Hallowe'en gives young and old alike a time of freedom for fun and pranks. It is one of the happiest holidays of the entire year and one not likely soon to be forgotten.

So, Fellow Bruins, let's get out and really "trick-or-treat" the town!

P. S. A. T. Tests

To Be Given

On Saturday, October 24, the Preliminary Scholastic Aptitude Tests will be given to all interested juniors and seniors. It will be held in the Buchser High study halls from 9:00 a.m. to 11:30 a.m. It is designed primarily for guidance to juniors and as a preliminary scholarship test for seniors. This will be a big help to all interested persons. All results of the tests will be given to the students at a later date.

Sports Night

High spirits and crazy clothes marked this year's first sport's night, held October 14, in both of the gyms. From the time it began until 8 o'clock, rousing games of volleyball were going on in the girls' gym. Some guys and gals were trying their skill at other types of games in the girls' class room. At the same time in the boys' gym such games as ping-pong, badminton, and shuffle-board were being played. Then from 8 till 9 p.m. there was dancing in the girls' gym. One of the high lights of this dance was the broom dance. This is a dance where one boy and a girl have brooms for partners. They then pass these on to some other poor unsuspecting victim and take his partner. This turned out to be very hilarious.

Spirit Week's Success

While asking around the campus, I discovered that the students thought Mr. Unger showed the most enthusiasm for spirit week. He decorated his door in our school colors and even made up a little poem, which was in the last paper. The other teachers also showed a lot of spirit.

Spirit week was considered a big success. Students could not help but notice our beautifully decorated school. Those that went to the game know that the spirit was terrific there too. Let's keep it up!!!

We have elected our first homecoming queen to start a wonderful tradition always to be remembered. The queen was Mary Jane Orason, a senior. The two princesses are Fran Johnson, a senior, and Diane Rose, a junior. At the game during half-time the queen rode in Larry Horillo's '59 Ford convertible; the princesses rode in Marsha Austermuehle's sky-blue '59 Ford convertible decorated with hand made white carnations.

JUNIORS BEGIN PROJECT OCTOBER 28

THE KICKOFF DATE OF THE Junior Class Paper and Scrap Drive is Wednesday, October 28. It will continue through Thursday, November 5. The whole school is invited to join in the fun by collecting rags, lead, scrap iron, sheet metal, stainless steel, aluminum, copper, lead, scrap iron, brass, zinc cast, combination metal, car batteries, burlap sacks, magazines, and newspapers. All collected materials must be credited to a junior; so freshmen, sophomores, and seniors, help your friends in the Junior class by turning any of these articles over to them.

There will be interclass competition in all U. S. History classes. All members, including the teacher of the winning class will get a fifty-cent food credit at the snack bar. Get together in your history classes in groups of four or five, and get a pick-up or station wagon to roam the country from Permanente to San Francisco. Territory is unlimited!

Bring any salvage materials except the following: tires, cans, water heaters, refrigerators, covered box spring mattresses, radio or flashlight batteries, carpets or padding for under rugs, Whole auto frames will not be accepted unless they are dismantled, and all glass, wood, and upholstery removed.

Articles may be turned in from 7:30 a.m. until 8:00 a.m. every morning of the drive. Material will also be received after school till 4:30 p.m. All articles must be taken to, and weighed in at the area out by the electric and wood shops (at the west end of the shops). Paper and scraps will be weighed on separate scales. All newspaper and magazines must be tied in eight-inch high bundles, otherwise they will not be accepted. This is very important; so PLEASE tie them correctly.

The junior class is sure this will be a great success and hope all their friends will participate and help them on what may be one of the most successful projects of the year. A paper and scrap drive can be a lot of fun if everyone promotes enough spirit and works together; so remember, bring all your articles to school beginning Wednesday, October 28, at 7:30 a.m. If it is absolutely impossible to get them to school, Sheri Stone (CH 8-4328) will make arrangements for getting your paper and scraps to Buchser.

If enough spirit is shown, the school will be open on Saturday, October 31, so that articles can be turned in. Monday, November 2, is a minimum day; so let's make that the biggest day of the entire drive. Everyone will have an opportunity to roam the country in search of scraps. The school will be open for weighing in and collecting all afternoon.

(Continued on Page 3)

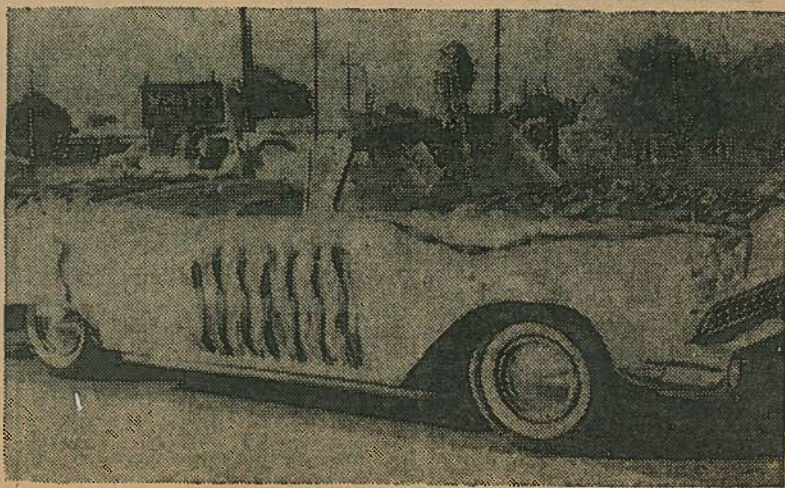

Paper and Scrap Drive

- 1 lb of rags equals 15 points.
- 1 lb. of lead equals 80 points.
- 1 lb. of scrap iron equals 10 points.
- 1 lb. of sheet metal equals 5 points.
- 1 lb. of stainless steel equals 50 points.
- 1 lb. of aluminum equals 125 points.
- 1 lb. of copper equals 210 points.
- 1 lb. of insulated copper equals 85 points.
- 1 lb. of brass equals 140 points.
- 1 lb. of zinc cast equals 20 points.
- 1 lb. of combination metal equals 40 points.
- car batteries (apiece) equals 1200 points.
- burlap sacks equals 20 points.
- 4 lbs. of magazines equals 5 points.
- 5 lbs. of paper equals 10 points.

The top winners are the students (juniors) with the most points. These will be kept tract of in the Student Body Office.

GRADING PERIOD ENDS TODAY

Well, Fellow Bruins, today is the day to make your last futile attempt at raising those low, low grades. Today ends the first six-weeks grading period for the year 1959-1960. On Tuesday, report cards will be handed out in each class. This is only the beginning; so good luck in the coming year.

THE WINNING CAR

BEAR PRINTS

Published Bi-monthly by the Journalism Class

Editor-in-Chief Sherry Brooks

 Sports Editor Gary Steinbach
 Advertising Barbara Hannah
 Assistant Marsha Austermuehle
 Photographer Jim Borghorst
 Advisor Mr. Bailey

Reporters

Sheri Stone, Sue Weimer, Bernadette Adams, Eve Miller,
 Lucille Pimental, Tamiko Miromoto, Laurie Edwards,
 Sharron McKeany, Ginny Perkins, Jackie Panetta

Hi everybody!

Are you enjoying the facilities of our snack bar? Well, I hope so, but I also hope you aren't one of the litterbugs, that seem to be lurking around the snack bar area. It would look so much nicer if people would just put forth the simple effort it takes to put refuse in the cans that are provided for this purpose. Not only would it look nice; but it will save our snack bar, because if the area isn't kept cleaner, the snack bar will be closed to all business. None of us want that to happen!

Would you like to see your opinions in print? Well, we are going to have a "Letters-to-the-Editor" column in our forthcoming issues. Just put your letters in our BEAR PRINTS Box, and maybe your letter will be printed.

That's all for now.

SHERRY

SUGGESTIONS

We, of the BEAR PRINTS staff, would like to have any of your suggestions to help us improve our paper.

We also would like to have any short, short stories, poems, jokes, cute songs, and any quips you may have lying around.

The BEAR PRINTS' box will be placed right inside the door of B-9.

BUCHSER'S PEPPER UPPERS

If you've passed the girls' gym lately, you've probably heard this familiar phrase: "Left, right, left, right, left..." The girls inside are the Bruinettes, Buchser's newly-formed drill team. There are ninety girls on the team, and they are headed by the advisor-sponsor, Mrs. Kincaid, and her assistant, Mrs. Garth. Girls and advisors alike give of their spare time to make our first drill team a complete success. The Bruinettes, marching at home games, will perform dance routines, and Danish exercises. Each Bruinette makes her own costume consisting of a black wool princess-style jumper with short skirt, white long-sleeved blouse, red gloves, red socks, and tennis shoes. The girls were selected on the basis of their marching ability, and they are determined to make a really good team; so let's back them all the way! Congratulations, girls!!!

Even if you didn't go to the game with Santa Clara you've probably heard all about our band, majorettes, and flag girls. They put on a really good showing at half time along with the Santa Clara band. This was the first time our band had ever been on the field, but to see them, you wouldn't know it! Although the band is a regular class here at Buchser, the majorettes and flag girls, like the Bruinettes, practice in their free time. However, unlike the Bruinettes, they are not a separate group; they are part of the band. Their main purpose is to add more color and interest to the band.

As flag girls and majorettes, the following were chosen by Mr. DiSalvo: majorettes, Margie Borghorst and Janice Hicks; flag girls, Jo Beltran, Mary Jane Orason, Linda Miller, Jane Okomoto, and Paula Cheatham.

STEINBACH'S COLUMN

By Who Else

Hi Gang! If you are so foolish to read on, you will find that I am a complete idiot. The jokes in this column will be both painful and pilfered, as you will realize if you read the Reader's Digest. Oops, I meant the Reader's Digest.

Here is one of the sicker examples: "Mrs. Jones! Mrs. Jones! Your husband has just been run over by a steam roller!" "I'm in the tub. Slip him under the door."

That wasn't so bad, was it now? (Don't answer that.)

I also have a lot of gripes, some of which will probably get me into trouble. For instance: howcum the pencil sharpeners in the halls can grind your pencil down to an eraser without actually sharpening the pencil? I dunno.

Those of you who never bothered to take off your Halloween masks from last year can do so now and save the cost of a new mask. In case you are insulted by that remark, remember that we are all Americans and must stand together against a hostile world.

Here is poetry of a sort:
*I wish I lived in the days of old,
 When Jessy (hic) James was brave
 and bold.*

*He puled (hic) his gun on a savage
 yank,
 And robbed every small town bank.*

—The Bard of Buchser

Look for more contributions in the future.

Until next time, remember: Always be sincere, whether you mean it or not.

Grains of Sand

By Sandy

Hi, all, how's everything in the outer world?

Say, how about that Santa Clara game? Our sand is still a little damp from the tears shed at the end. One thing though, we wish they wouldn't sell peanuts to the monkeys, oops, we mean freshmen; we haven't gotten all the shells out of our hair yet.

We were standing in line at one of the theatres the other day when a girl stepped up to the ticket window and told the cashier, "I heard about this on Record Hop — and I almost didn't come." (Oh well, we thought it was funny)

Speaking of Record Hop, we haven't seen many Buchser students on there lately, what gives?

Have you heard about the Junior Class play? They're doing an old-time "mellerdramer" called "Bertha, the Beautiful Typewriter Girl." Sounds kind of cute. (We sneaked into the first meeting to get this stuff) There are nine parts; five men and four women, and Kathy Van Housen, determined to be in the play, said she was going to try out for all of them. Good luck, Kathy.

Well, they finally did it. They wrote a song called "Sandy." (Larry Hall recorded it.) We've been wondering when they would. We're buying copies of it for all our friends. (You should get yours in the mail any day, now.)

Oops, there goes the sun. Bye.

OUR TEACHERS

By Lucille Pimental

Do you know anyone who has hobbies of photography, painting, camping, and theater? Or maybe someone who likes people and animals and has no dislikes at all? That is accumulating several pet peeves? Has no preference in music? I know someone who fits this picture perfectly. She is Mrs. Daryle Seil, one of our featured teachers this week.

She is originally from New York but attended Oberlin College in Ohio, where she was trained to teach English. She has lived in California for about three years; however, this is only her first year of teaching.

BEAT SUNNYVALE!

This week's featured teacher's likes include his wife of eight months, himself, teaching English, classical music, Buchser High, and all kinds of food. Since he is such a friendly person, Mr. Patrick Penick's only dislikes are crowded freeways, racial and religious prejudices, and mathematics.

His hobbies are reading and sports. Boxing and weight lifting especially seem to attract him. Women drivers are his pet peeve.

Being born in San Diego makes Mr. Penick a native Californian. Before beginning teaching, Mr. Penick attended William and Mary College in Virginia for two years and San Jose State for three years. Incidentally this is Mr. Penick's first year of teaching.

BUCHSER: PAST, PRESENT, FUTURE

Fellow Bruins:

On October 9, 1957, Buchser High School had just begun with six hundred, plus, students. In the year 1958 at this time there were eight hundred and twenty-five students, and as of this date in 1959 there are fourteen hundred and sixty students. Mr. Elmer Johnson was principal during the first one and two-thirds years of Buchser High School. All of the presently scheduled classroom buildings, except for two shops, have been completed at this time. We are now working on the plans for our football and baseball field bleachers and expect to have them erected in the spring of 1960 for track season. Water sprinklers are being installed on the football, baseball, and practice fields so that in a matter of three or four weeks grass will be growing in these areas. We have been apprised that in the future Buchser High School will be a school of twenty-five hundred students and possibly three thousand.

We are a four-year high school for the first time and, interestingly enough, have yet to develop a school song and a fight song for our athletics. Even though these have not been developed, the mighty Bruins really boomed forth in the second football game this season against Camden High School, trouncing them nineteen to six. School spirit is as high as one could hope to see. We have had what we call a Spirit Week this week before the big game with our arch rival, Santa Clara High. There have been noon rallies, many verbal declarations of "beat Santa Clara", car decorations, and other activities to pull Bruin forces together. History will record the result of all this enthusiasm.

BEAT SUNNYVALE!

Buchser High School came into being in the space age. As an example of this, only two days ago a rocket was sent out that was expected to orbit the moon and return to earth. The success of this venture has as yet not been determined. There is one thing that is certain and that is that we live in an age of rapid and awesome development. People in education are torn between the science that is "out of this world" and the demands of the real human needs within the world. Our earth seems to be spotted with many different political ideologies, much human famine, and even more human misunderstanding. We sincerely hope that your generation will have solved some of the problems of human intersection more successfully than has been accomplished in our time.

As I write this I wonder if the next one hundred years will be as exciting as the last hundred years. Many questions cross my plane of thought, and the most paramount question is, "Have people progressed enough in one hundred years to learn to live together?"

I am proud to have the opportunity to record these few statements in history. I feel extremely fortunate to have had the opportunity to be the second principal in such a beautiful school plant as Buchser High School, and I should further note that the 1959-1960 student body in Buchser High School is as fine a group of students as I have ever worked with. One of the reasons that we have such a fine student body, I believe, is that all have dedicated themselves to serve Buchser High School and themselves. It is my fervent hope that in 2059 the spirit and feeling of this great school will be as great.

My best wishes to all of you.
 HERBERT L. STOCKING,
 Principal

BRUINS' DOIN'S

By Sheri

Attention!!! J. B. wants you to know that Sheri Stone is NOT a Girl Scout.

Also, was Linda Stankus really married to Rock Hudson?

* * *

Club Almaden seems to be a pretty popular place. Seen up there a couple of Sundays ago were Pam Ackerson, Lynn Houghten, Wendy Robinson, Larry Drysdale, Bernadette Adams, Joe Schuler, Janice Booth, Greg DiSilva. They all swam, danced, and played basketball.

* * *

It certainly was a good thing that we won the Santa Clara game; if we hadn't, all the parties that were planned wouldn't have been nearly as successful or as much fun as they were. That was the night Bernita Perry held a slumber-birthday party for Judy Jackson. Besides Judy and Bernita, Linda Craig, Karen Knuts, Mary Dawes, Sue McStocker, Betty Ellers, Sandy Butts were there.

Also that night there was a double birthday party for Terry Safford and Pat McManus.

SCRAP DRIVE

(Continued from Page 1)

Each junior student has a quota of 1000 points. Prizes will be awarded to the top three leading boys and girls as follows:

First place girl (over 5000 points): White girl's Buchser jacket, or class ring, or the equivalent in other merchandise.

First place boy (over 5000 points): Black boy's Buchser jacket, or the equivalent in merchandise (approximately twenty dollars).

Second place girl (over 4000 points): School pin with class guard.

Second place boy: (over 4000 points): School pin with class guard.

Third place girl (over 3500 points): Blouse.

Third place boy (over 3500 points): Goucho.

If the first place winner does not exceed 5000 points, the first place prize will not be awarded. The second prize will be awarded to the person holding the most points. Third prize will be given to the second place winner.

Be sure to turn everything over to the JUNIOR CLASS as ONLY THEY MAY RECEIVE CREDIT!!!!

*When God passed out the brains,
I thought he said trains
and I missed mine.*

*When God passed out the looks,
I thought he said books
and I didn't want any.*

*When God passed out the noses,
I thought he said roses
and I asked for a big red one.*

*When God passed out ears,
I thought he said beers
And I asked for two short ones.*

*When God passed out legs,
I thought he said kegs
and I asked for two fat ones.*

*When God passed out hips,
I thought he said lips
and I asked for two large round ones.*

Boy, am I a mess!

Which or What

REUQEDASMA! Can you decipher this? See how close you came to the deductions of these fellow Bruins.

"I think it looks like something Mr. Ainslie would give to us on a French test, and not on the chapter we studied!" says Marina Adamach.

Mike Hokum claims, "It looks like a girl I know."

"It seems like a word Larry would say to me," claims Wendy Robinson.

Jerry Clark replied, "It looks like Mr. Amaral's spelling."

Laughingly, Claudia Evans said, "It seems to me that Larry would feed this to his cows."

"Unger-ism," is Lynn Hastings definition of the mystery word.

Pat Sook says, "I can't spell it, I can't pronounce it, but I'm sure I know it."

"A sneaky little word on one of Mr. Unger's tests" is what Harold Nunn proclaims.

Diane Ferrari exclaimed, "What is it?"

Last but not least, Bob McCullugh exclaimed, "You name it, you can tame it."

Are you still wondering? Well, actually REUQEDASMA is masquerade in disguise. The Bear Prints staff hopes you have fun masquerading on Halloween.

Shirts and Skirts

By Sharron McKeany

Every other girl I see walking down the hall has on a plaid skirt. This year, just about all of them are new and different. I think they are among the prettiest skirts a school-girl can wear. Let's wear more of them.

Lavender certainly came in with a bang! We see it in a lot of the new outfits this year.

Another new color that seems to be taking over is "sick green", as I've heard it called. It's a rather pale avocado. The more I look at it, the prettier it seems.

Boy! Look at the colors of nail polish and lipstick that are being worn. Just look at Luella Anderson's nails once in a while. Speaking of Luella, a great deal of her outfits are very outstanding.

Did you notice the girls who wore stripes, prints, and plaids together last week as an initiation into their club?

I just love that white, long-sleeved wool sweater that Merrie Edwards has worn a couple of times this year.

Have you noticed Arlene Smith in her brown, full dress with the ruffled sleeves? Very pretty, Arlene!

That closes the fashion for this time. See you next edition.

CLUB NEWS

By Jackie Panetta

Osos Espanoles

"Osos Espanoles" or "Spanish Bears" is the name the members of the Spanish club adopted.

The officers of the Osos Espanoles are Wes Schroder-president; Kris DiBari-Secretary; and Don Moretta-treasurer.

To be a member of this club you have to be a Spanish II student or make a B average in Spanish I.

Mr. Hernandez, the head advisor, and Mr. Herman, the assistant, hope to have some function each month for members, as well as a dinner each semester.

Members of the Spanish club are working in the snack bar during the brunch period.

Audio-visual Aids

Mr. Fredenberg, advisor of the Audio-Visual Aids Club, and assistant Joe Jackson would like for students from third, fourth, and fifth study halls, who are interested in showing movies for the teachers, to go to the audio-visual aids room and make their interest known.

If the student body is interested and won't mind paying a small charge, noon movies may be started.

Rifle Club

Don Chilcote, Steve Stone, Lloyd Wright, and Ned Chilcote would like to start a Rifle Club, but they do not have an advisor, or enough students interested. So if you are interested contact one of the boys mentioned above. Girls too will be accepted as members of this club.

Seniors' Ideas Of The Freshman

Meloney Fellers — The freshmen are shrinking more each year.

Bob McCullough — They shouldn't get in the seniors' way, for they're under classmen.

Sharon Husted — Watch out for Mr. Bush!

Frances Namimatsu — Don't believe Mr. Amaral!

Nita Perry — Most freshmen look like they're in grammar school. Freshmen shouldn't run through the halls.

Jan- Ledbetter — I don't think about the freshmen, for we were all freshmen at one time.

Linda Miller — They're doing a good job under the circumstances.

Claudia Evans — Was I like that?

Karen Knuts — The girls are getting bigger, and the boys are getting smaller.

Fran McSeaton — The majority are small and immature, but I laugh when I look because I was that way also.

Guys and Dolls

"Don't you think we'd better get back to class? It's almost time for lunch. Boy am I hungry!" These were the most frequent words uttered by our boy of the week, Bill Bisson, all through the interview. I wonder if this has been his first thought all through his sixteen years? He is 5 feet, 10 inches tall and has blue eyes and sandy blonde hair. When asked about his ideal girl, he wouldn't comment on the grounds that he might incriminate himself. His favorite food is chicken; his favorite song, "Sleep Walk"; his favorite subject, chemistry (I think he's fishing for a good grade); and his favorite sport, basketball, in which he is a player on the "30's" and in which he lettered last year. His pet peeve, again concerning his stomach, is the food in the cafeteria. But the cooks can't please everyone. This summer he spent his time as a guide at the Winchester Mystery House. He still works there on week-ends, and his most exciting moment happened when he was working — a girl fainted. Did she faint in his arms? Ask him. A sad note to this is that Bill will be leaving in January. He is moving to South Carolina. When he goes, he will be leaving many sad friends, some of whom he has known since the eighth grade.

Varsity song girl, Joann Clair Schmidt, was born on June 15, 1943, in St. Louis, Missouri. She has wavy brown hair, flashing dark eyes, a warm smile that reflects a friendly personality — all wrapped up in a tiny sixty-one and a half inches!

"Enchanted Sea" is her current favorite song, while Johnny Mathis is her number-one popular singer. Speaking of favorites, Joann delights in chicken and cheesburgers. Her hobbies are sewing, water skiing, and "going to Santa Cruz." People who do not yell at games and rallies are her pet peeve.

Joann will never forget the day election results were announced and the girls in Berna's group were chosen to be varsity song girls. This was one of her most exciting moments because she is a part of this group.

She is anticipating the Junior Prom and Senior Ball with great excitement. If her ideal boy — 5' 7", blue eyes, blonde hair — should come along, she would be looking forward to these events with even greater excitement.

Jets Next For Rampaging Buchser Bruins

Wayne Toledo (22) skirts right end against Campbell. The other Bruin is Bob Rheem (51).

BRUINS EDGE CAMPBELL

Buchser's Bruins continued their three game winning streak by edging the Campbell Buccaneers 13-12 at the Bucs field. Since Campbell had previously been undefeated, the win moved the Bruins into position for a shot at the title.

There was not much action in the first quarter, with the teams exchanging punts.

The first score, a thirty-five yard pass into the end zone, came in the second quarter for the Bucs. The point after the touchdown was not made. After receiving the kickoff the Buchser squad moved the ball to mid-field where a McGuire-to-Buck pass put the ball inside the Campbell twenty-yard line. Two plays later Ron Gardner outran the Campbell defense for the Bruins' first T. D. The try for the extra point was blocked. Buchser again got its hands on the ball just before the end of the half. With twenty seconds left, McGuire tossed a long pass to Buck, who caught the ball on the enemy ten yard line, faked out two Campbell men, and waltzed across the goal line for six points. Lynn Hastings

kicked the extra point which was to win for the Bruins.

The second half started with Campbell kicking off to the Bruins. As soon as the Bucs were able to get the ball, they moved in for the score. The try for the extra point was no good. After the kickoff the Bruins fumbled inside their own twenty, and this was where almost all of the fourth quarter was played.

Campbell pushed against the Buchser goal line four times, only to be stopped by the Bruins' great defense. Outstanding on defense were Jerry Drysdale, Pat Harrison, and Bob Rheem. Much must also be attributed to the linemen who refused to let the Buccaneers score.

Even though Buchser made two spectacular touchdowns, the defensive team must be given credit for the victory. As Coach Al Schuler said after the game, "They're the goodiest bunch of football players that ever set foot on one of these gridirons!"

BRUINS VICTORIOUS OVER SANTA CLARA 18-6

Buchser gained revenge on Santa Clara on October 9, by beating the Panthers 18 to 6. The score itself didn't show how decisive the victory was.

Buchser started moving the ball with the opening kick-off, showing the fine coaching the team had received during the Bruins' two previous seasons. The Bruins' first touchdown came when Mike Burke carried the ball over from the one-yard line.

Buchser dominated the first half of play with superior running, passing and good line play. But Santa Clara started moving the ball, with Dave

Chadwell ripping through the line for short but decisive gains. It looked as though Santa Clara had finally solved the Bruins' defensive patterns. The half ended with Buchser leading, six to nothing.

The Bruins came back strong again in the second half, but a fumble on their own 35-yard line set up the Panthers' only score with Bob Annecone carrying the ball over from the one-yard line. The stone-wall defense displayed by the Bruins finally gave. Tension was rising among the 4,000 fans as the two teams were deadlocked midway in

the fourth quarter.

BRUINS PULL AHEAD

The Bruins got the ball on their own 35 and started a drive that brought the winning touchdown. The sharp passing of quarterback Jim McGuire to his favorite target, Jim Buck, and the running of backs Pat Harrison, Ron Gardiner, and Mike Burke moved the ball to Santa Clara's twenty-three-yard line. From there, McGuire threw a pass that was grabbed away from two Panther defenders by Bob Rheem, in the end-zone, for a Bruin touchdown.

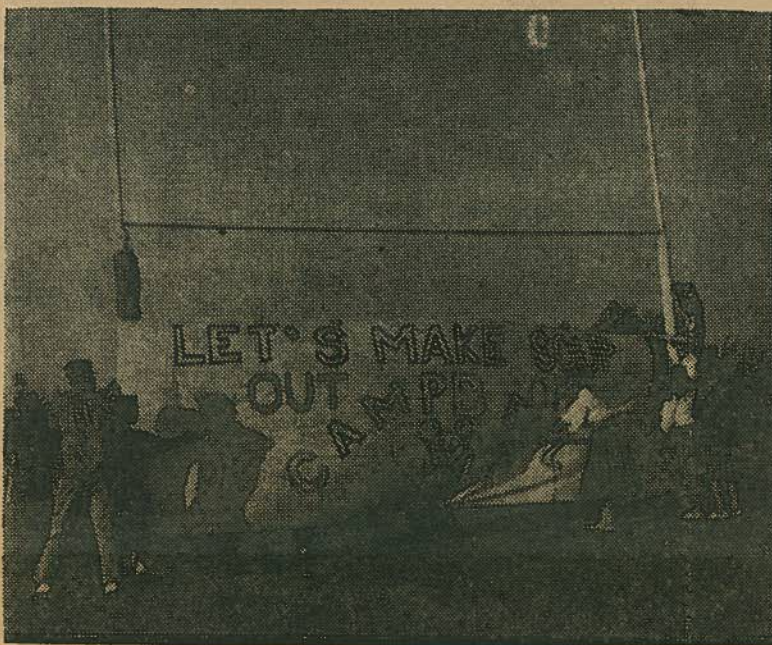

With the Bruins leading 12 to 6, fullback Pat Harrison returned a Santa Clara punt for sixty yards and the final score of the game.

The win gave the Bruins a record of two wins and one loss, and left Buchser in strong contention for the championship of the W. S. C. V. A. L. The win was more than just winning an athletic contest. As Pat Harrison, one of the most outstanding players of the game, put it, "WE'RE NOT GONNA TAKE ANY MORE GUFF FROM THOSE GUYS!"

BEAT SUNNYVALE!

J. V. Football

The Bruin J. V. squad took a loss to a powerful Santa Clara team last Wednesday, by a score of 27-0. The Panthers scored once during each quarter, but the Buchser team was unable to crack the Cats' defense.

Banner goes up at half-time of Campbell game.

30's Football

The Bruin 30's took a loss, 7-6, on Friday, October 9, to the Santa Clara Panthers. Although the Buchser defense, led by Dick Williams and Lloyd Crowther, was good, it still was not strong enough to hold back the Panthers. The Bruins' only touchdown was scored by Jerry Parkhurst, running through the line from five yards out. The kick for the extra point was blocked.

The 30's also lost on Thursday, October 15, to Campbell, 19-7. The Bruins scored with a pass from Louis Basile to Ed Padilla, who also booted the extra point.
