BUCHSER VARSITY FIGHTS TO UPSET TITLE HUNGRY WILDCATS AND GAIN FIRST LEAGUE VICTORY OF SEASON

Buchser's battling Bruins will attempt to bounce back from last week's scalping by the Fremont Indians and skin the Los Gatos Wildcats in their second SCVAL encounter tonight at 8 o'clock in the hillside city.

PRINCIPAL WELCOMES BRUINS TO BUCHSER

Fellow Bruins:

Welcome back to Buchser High School! A special welcome to all new students. I hope that each of you are enjoying our lovely campus and that you will take this opportunity to make new friends.

Last school year we were proud to have the opportunity to dedicate our school and to watch our first graduating class walk across the platform and emerge into the adult world. After so many firsts, it seemed impossible that we could have another, yet it seemed only appropriate that this should be the first year that we would assume a theme for the year. We adopted for this theme: "Pride in Service". At a time in our lives when we seem to have many material things, it seemed only logical that we should always remind ourselves that the only reason for being on this earth is to serve our fellow man. This naturally means that if we are going to take this theme seriously, we will think of service in our home, school, community, county, state, nation, and world. We know that each and every Bruin will stand ready to serve in any of these areas.

I would like to spend a moment discussing particularly service to your school. Each and every Bruin should be able to say to himself after he has spent four years here that he did something to make this a better place for all students. One example is the student who is willing to pick up a piece of litter and place it in the trash can. He has done a great service in making our campus neater.

I wish to compliment all students on their excellent cooperation during the beginning of school. May I suggest that you do everything possible to make these four years academically and socially fruitful for you and a joy to your memories. Take an active part in your clubs, athletics, and social occasions.

May I remind each of you that our theme for the year is "Pride in Service". Let each and every one of us wear this theme well.

May this be our most successful year.

HERBERT L. STOCKING,
Principal

Gloverettes Perform At S. C. County Fair

The Cloverettes, a Buchser High singing quartet, performed daily at the recent County Fair. The Western-type singers are Jean Campbell, Bonnie Baker, Arleen Lewis, and Doris Johnson.

CLOSED CIRCUIT TV STARTS HERE SOON

Starting this fall there will be television at Buchser High School. However, this closed-circuit television will not be used to watch favorite programs, but will be used to make mass testing easier for the teachers.

The television equipment was donated to Buchser by the Vicron Corporation of San Carlos, California, and the receivers are being made by the boys in Shop classes.

Bruin Artists Design New Mosaic Mural

Buchser's Art Department is planning to be particularly active this year. One of the first projects for periods one and two is to design a mosaic mural for one of the study halls in the L wing. It is certain that it will lend new interest and color to the chosen room.

The Crafts class is working on designs for papermache bear-head masks, which will be worn at football games.

Sometime in October, the Art II classes will have a contest to determine the students who are eligible to join the Art Club. This will insure the club's having new members who have ability and are truly interested in art. The Art Club had its first meeting on Monday, September 19.

Student Store Gets Pocket-Size Novels

Mr. McGinness, business department chairman, said that there will be a new addition to the student store soon. Students will be able to get pocket-size editions of novels and dictionaries this year, and they will cost from twenty-five to fifty cents per copy. The student store will stock between 3-50 copies of each book, depending on the popularity of that particular book.

Huxtable Thanks PTA For School Tax Win

By VIRGINIA CASH

"The Board of Trustees is gratified with the support the community has given," stated Mr. Huxtable after Tuesday's tax election. He continued, "Winning this election, thanks to the fine support of our PTA members, makes it possible to continue the standards that we have. The schools needed more revenue or the standards would be lowered."

The results of the election were 2948 yes's and 2107 no's. On the ballot were: a 25-cent tax increase to extend for five years, or a 50-cent levy, in effect for the last ten years. The 25-cent boost raised the tax rate to \$1.50 per \$100 assessed valuation. Heavy enrollment increases averaging 20 percent in the last several years have made the tax request necessary.

The legal maximum tax a high school district can levy without the approval of the electorate is 75 cents per \$100 assessed valuation. This maximum was established by the State Legislature in 1933.

The general purpose of tax money is for books, supplies, equipment, maintenance, ground improvements, and salaries.

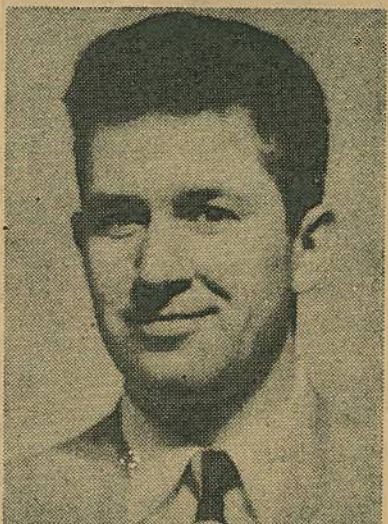

DALTON, PRICE FEATURED AS TEACHERS OF THE WEEK

By MERRY EDWARDS

ATTENTION! Jefferson graduates, especially, take notice!

Have you recognized a familiar face among this year's new teachers?

Of course, I mean John Dalton, art teacher at Buchser and formerly a teacher and art instructor at Jefferson Union Junior High School.

Upon being interviewed he mentioned readily, "It's good to see a lot of the old Jefferson faces again."

John Dalton, our teacher of the week, attended the Brigham Young University, Provo, Utah. Continuing his study of art, he also attended the Art Institute of Chicago where he had a display of silk screening and figure drawings.

At the Los Altos Art Show last year another of his works could be seen. This piece of art was an oil painting.

John Dalton began his teaching career by teaching contained classes and handling the art clubs as an extra activity.

(Continued on Page 3)

By CAROLE SHEBBY

"I think Buchser is a beautiful school!" exclaimed Miss Joan Price, one of the new home-making teachers this year.

Miss Price graduated from San Jose State College and was a student teacher at Willow Glen High before accepting a job at Buchser as a foods and clothing teacher.

Having lived in the cool climates of Nebraska, Ohio, and Colorado, Miss Price is happy to say that she prefers the Santa Clara Valley much more than anywhere she has been and she would like to stay here.

Sour cream and chives on baked potatoes rank the highest on her list of favorite foods along with fudge. Her pet peeve is students who are always "talking, talking, talking!"

During the summer, Miss Price worked in the Telephone Company. Also she went to British Columbia for two weeks as a vacation.

Miss Price plans to do graduate work in the future and continue teaching.

A preliminary game at 6 p.m. will pit the B squads of the two schools.

Once again Coach Schuler's Bruins will enter the game a decided underdog to the high riding Wildcats, winners last week by three touchdowns over the new Pioneer High squad.

Buchser will rely on the running of Capt. Pat Harrison and Ron Gardner plus the passing of Bob Reem in an effort to upset Los Gatos.

An all-out effort on the part of the inexperienced Bruin line will be needed, however, if the locals are to stop the rugged Los Gatos and remain in the running for the loop crown.

The Bruin band and several bus loads of rooters will accompany the team to Los Gatos.

Pimental Heads Yearbook Staff

Lucille Pimentel was chosen editor of Kodiak, Buchser's yearbook. Her assistants are Enid Ortone and Sharron McKeany. Students in charge of each section are: Sharron McKeany, Graduates; Virginia Cash, Administration; Bill Kritzlow, Music; Enid Ortone, Activities; Jerry Hirata, Sports; Don Moretta, Organizations; Gayle Austermuehle, Underclassmen; Rick Valentino, Art; Jim Brinks, Photos; and Barbara Hannah and Pat Spook, Advertising. The staff plans an addition of fifty or more pages to the Kodiak, making a total of some 250 pages.

STUDENT COUNCIL SETS FALL PLANS

The second meeting of the Buchser High Student Council was held Wednesday, September 21, 1960, in the student body office.

Attending were the cabinet members, Mr. Brinks, the student body cheerleaders, and the Buchser Record Hop representatives.

Many of the things discussed were who should be the sponsor of the Frosh Reception, and the scrap drive, ways for the classes to earn money, and what night Buchser should be featured on Record Hop.

No decisions have been made as yet but the council is looking into all the matters further and in more detail so as to have a better understanding of every thing before deciding.

BUCHSER STUDENTS ARE WINNERS AT FAIR

There were quite a few students from Buchser representing the 4-H at the County Fair. The entrants and the number of ribbons are as follows: Jean Campbell, 41; Doris Johnson, 15; Gail Allen, 15; Doreen Susanj, 6; Arleen Lewis, 6; Bonnie Baker, 5; Tom Pomeroy, 4; and Louanne Pomeroy, 2.

CUBS IN THE DEN

A whole new class of Bruin Cubs has wandered into our Buchser den this year. They're prowling around learning our Bruin ways and will be plenty busy, for there is much to be anticipated by all. Our calendar is jam-packed with loads of activities and we hear the teachers are planning a pretty full schedule for us too. Certainly, this is going to be quite a year.

To grow as a Bruin is to give to Buchser. We all try to give friendliness, hard work, genuine spirit and a true loyalty to our school and to each other. These are the reasons we can claim such outstanding teams and clubs and be so proud of our friends as fellow Bruins.

Tradition plays an important part in every school; here, it's our tradition to keep our standards high, along with our spirit and goals.

There's almost a whole year ahead to make Buchser greater than ever, so let's be glad we're Bruins, we belong to a honey of a school!

—T. S.

SCHOOL SPIRIT

We are the Bruins and we couldn't be prouder!

With football season in full swing we've got to put some enthusiasm behind the players representing us on the field this season.

Many interesting rallies are being planned throughout the year but we've got to participate in them to show the teams our school spirit.

This will give the teams more reason to want to win.

Make the attendance at the forthcoming rallies larger than ever before and give the players added encouragement to make every game a Bruin victory!

—M. E.

FASHION FROLIC

By MARY and MARTI

Hi! Mary and Marti, that's us, are your fashion editors for this issue.

It seems like everyone has gotten new clothes this year. Why just the other day Mary and I saw Karen Janes in a darling beige outfit. Like the ads in the paper, Bernadette Adams looked very lovely in lavender the first day of school.

Oh, speaking of lavender. Linda Forbes was wearing a very pretty kelly-green sheath the other day. It was really attractive with its big boat collar.

Judy Lindsmith has some very nice dresses, also. We especially liked the medium-blue wool dress with the full pleated skirt.

Sue Power seems to be a very well-dressed frosh. We particularly liked the cute green and white gingham check dress. It was really feminine with lots of lace.

Oh, by the way, I'm sure most of you girls have noticed but aren't the boys looking good in their corduroy outfits. Yup, the boys are looking pretty good this year.

Dave Shellabarger looks really good in his shaggy green sweater.

Are suspenders coming back into style? Wayne Pate and Mike Hakeem seem to think so.

Plaid and checks seem to be coming in for the boys. Rich Rikhl and Dave Rios look very good in blue plaid.

Long-sleeve cotton shirts seem to be another favorite of the boys, as John Walker, Dennis Destefano, Dennis Vicinzenzo and Pat Harrison have been seen wearing some real nice ones.

Student Dean Asks Spirited Backing

By KENNETH BRINKS
 Dean of Students

True school spirit is one thing that has never been artificial at Buchser. Buchser students have been known for their real enthusiasm and active interest in student body affairs.

Student support of school activities is the only reason for their existence.

A student body officer, a football team, a school, or a nation is no better than the support that is given to it. Student body support to all of the programs of the school is the reason why we have been so successful in the past, academically as well as on the sports field.

It is this loyal enthusiasm by Buchser students that makes my job such a pleasure. There is plenty of school spirit at Buchser, it just requires the proper direction. That is why I challenge all student body officers as well as class officers, song girl and yell leaders to continue directing this spirit in the right channels.

The example set by our leaders will effect the future reputation of Buchser.

Let's all have a part in keeping this in the right direction.

BELLE FROM SOUTH IS FEATURED GIRL

By MERRY EDWARDS

Friendly, vivacious, and hard-working are a few of the major good qualities of our senior girl in the spotlight this issue.

Sheri Stone possesses much of the Buchser spirit we all wish to achieve. She holds the office of election clerk of the student body and formerly was vice-president of the junior class. Other positions she held were over-all chairman of last year's junior prom committee and active member of the rally club.

Five feet, four inches tall, blonde hair, and brown eyes, describes Sheri, who was born November 6, 1943, in New Orleans, Louisiana.

Sheri likes friendly people with a sense of humor, Impalas, '57 Chevy's, and her pet Mickie who is a fat, little, black and white, unfriendly dog.

She finds it difficult to view T. V. from behind her Chemistry book but she listens to any radio stations that play her favorite songs. These are "Sea of Love", and "In the Still of the Night".

When asked about her most embarrassing moment she laughed and replied, "When a couple of fellows wearing police badges found Sue and I hiding in the bushes at 2 a.m."

While on the subject of fellows, Sheri's ideal boy should be six feet tall, have black hair, blue eyes, and long eyelashes, of course!

Her ambition is to wear a gold tassel at graduation but

STUDENT PREXY IS FIRST BOY OF WEEK

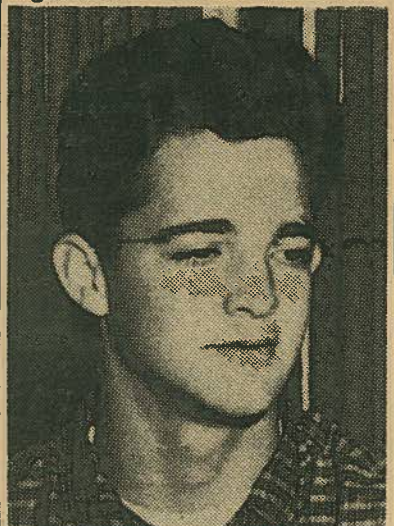

By ARLEEN JOHNSON

Brown hair and large brown eyes are just a few of the assets of our boy of the week. Along with a wonderful personality Nickey Atchison has a good sense of humor.

A few of Nickey's many likes are individualism, Shirley McLaine, and Buchser.

He loves being student body president and he has many plans for its activities.

Among his favorite T. V. programs "Alcoa Hour" rates the highest while "The Time Ma-

chine" is his most liked picture. Nickey has no food he likes best, because he doesn't like food too awfully well.

His hobby is watching people. When Nickey was asked what his pet peeve is, he readily replied: "People who watch through a two-way mirror."

"It's lovely!" was his answer to how he likes Buchser.

His ideal girl should be about 5' 7½", 130 pounds, with black hair and green eyes. Anyone fitting the above description should contact Nickey immediately.

Nickey's most unforgettable moment was when Mrs. Bagnatori went through the boys' locker room at shower time.

His future plans are to go to college and become a psychiatrist.

secretly another ambition is to become a good driver so all the other motorists can relax again.

Lately, Sheri's hobby has been "tooling" San Jose on Sunday morning over spilled pears.

STEINBACH SAYS

By ACCIDENT

WARNING TO FRESHMEN!

Do not pollute your minds by reading further. You may be in danger from having read this far. It is pointless to extend this warning to include members of other classes, because those people are already "hooked".

This summer I was lucky enough to hear many hilarious jokes. I also came across some clean ones, which will be passed on to you. So let's start off on the right foot by diving in head first. (That doesn't sound quite right. Oh, well.)

Once upon a time there lived an old woodchopper named Benny. One day Benny was walking through the woods and, with a blinding flash, a fairy godmother appeared. "Benny," she said, "because I like you, I am going to do you a great favor. I am going to make you into a rich prince. However, since I'm partial to beards, you must give up shaving entirely, or I'll change you into an urn."

Benny didn't think that he would be very much annoyed by this condition, and agreed readily. When he returned to the place where his humble cottage had stood, he saw that it had been transformed into a huge palace. All the servants recognized him, and did his bidding without question.

For a long while, Benny was happy in his palatial splendor, but after several years had passed, his ever increasing beard annoyed him more and more. Benny would often think about shaving, but he would always remember the fairy godmother's warning in time.

Then one morning he got up and promptly tripped over his whiskers. This made him so angry that he rushed to the bathroom and, without thinking, shaved off his beard.

Instantly he was changed into a beautiful Grecian urn.

Moral: A Benny shaved is a Benny urned.

I'll see those of you who survived in two weeks.

THE QUESTION OF THE WEEK

By MERRY EDWARDS and ARLEEN JOHNSON

- Q. What is your pet peeve?
 Steve Stone: People who ask me what my pet peeve is.
 Jerry Parkhurst: Peg Lacitnola at Vesuvio's.
 Linnea Smith: Snotty freshmen who run you down in the hallway.
 Merle Nelson: Boys that tell two girls the same thing.
 Janice Booth: Extended days and football practice.
 Mr. Bush: Mr. Amaral.
 Julie Printy: The bus schedule.
 Judy Lindsmith: People that push in the hall.
 Dan Wilcox: Homework.
 Ticki Wells: Mr. Unger in Biology.
 Barbara Pitts: Freshmen girls that are cuter than the rest of us.
 Nancy Schuyler: People who are snobby and people who talk behind other people's backs.
 Mike Stuart: Real loud people.
 Dave Shellabarger: Girls that look or act like boys.
 Leo Trombley: Junior girls.
 Pat Harrison: But I'm never mad.
 Jim Cook: When Coach Hayaishi makes us do wind sprints when we don't need to.

New Courses Given By Business Dept.

There are many valuable business courses available this year, such as Typing I and II and Stenography I for the juniors and Stenography II and Office Practice for seniors.

Office practice offers help in many fields. It rotates between the switchboard, the student store, filing, electric typewriters, dittos, and lessons in the book. ...When coming into Office Practice Laboratory from your study hall, one receives one-half credit for the year.

Mr. Candelaria and Mrs. Baker are new teachers for the business department. Although Buchser was fortunate enough to get three new teachers, one, Mr. Prince, has been transferred to Santa Clara High School because of the high enrollment there this year.

TEAM TEACHING IS HISTORY HIGHLIGHT

One hundred and five U. S. history students will be taking part in an experimental teaching program. The method of instruction to be used is termed as "team-teaching". Mr. Bush, Mr. Rhodes, and Mr. Fredenberg will be conducting this test program. They will be assisted by two Buchser students, Loraine Foster and Sue Marks.

Among the highlights of this class there will be guest speakers. The purpose of this test is to try to promote more interest in U. S. history. The outcome of the experiment will be determined by comparing the test class with the remaining U. S. history classes. Mr. Bush said they have hopes that by alternating teachers each teacher will be able to give more insight to his own special field of history.

WEATHER STATION PROMISED CAMPUS

The federal government and Buchser High are in the process of making plans to set up a complete weather station in the near future, which will be located in the Buchser science department. With the installation of our new weather equipment, Buchser's science students will be able to understand more fully the procedures that enables the reading of delicate weather instruments.

The science department has been very fortunate this year, not only in obtaining the new weather equipment and the many new scientific instruments, which will soon be delivered, but also in its three highly qualified new teachers, Mr. Bjornstad, Mr. Tofflemire, and Mr. Caralli.

DI SALVO PREDICTS TOP MUSIC YEAR

"This is going to be the best year at Buchser High, music-wise", declares Mr. DiSalvo, head of the music department. Furthermore, he is quite pleased with the tremendous growth and anxious about the prospects of the whole music section. With the help of Mr. Paris and the student teacher, Mr. Bentley, he is planning on a better season than ever before.

Even though there is a desperate need for boys, the choir has improved very much over the past. The entire choir is looking forward to the State Choir Festival and the annual graduation program where they are planning to out-shine all other performances.

The marching band, which includes 66 members plus the majorettes and flag girls, is practicing for its main programs at either Stanford or Berkeley and The Annual High School Band Day.

New Plymouths Used In Driver Training

About 245 Driver Ed. students will have an opportunity this semester to take six hours of behind-the-wheel training in one of Buchser High's two new 1960, white Plymouth sedans.

There has been considerable planning and expense going into the current Driver Ed. program. Two new teachers, Mr. Edwards and Mr. Lenhardt, have been working out a program which will allow all these new students to drive their full six hours. Some students will have to drive after school and on Saturdays to allow all students to drive six hours.

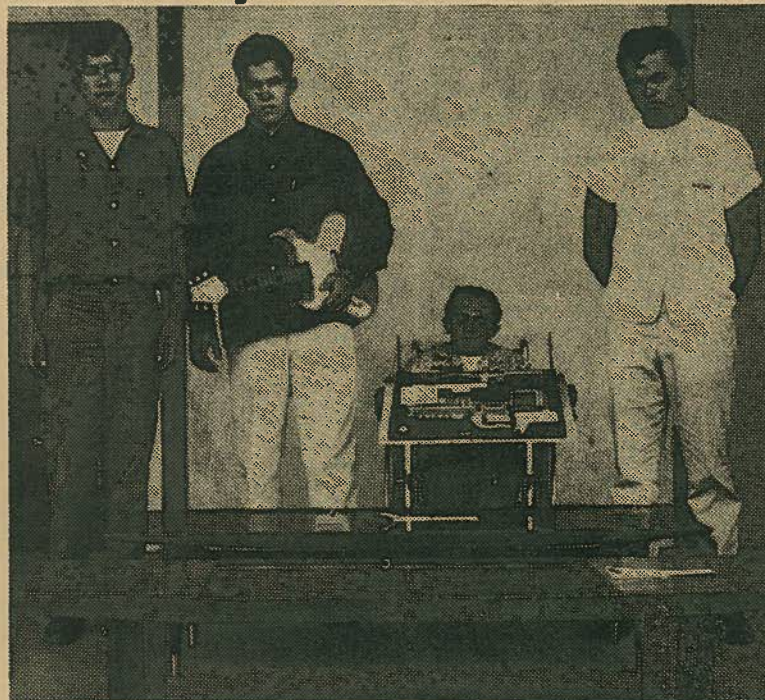

Homemakers Boast Glass Cupboards

Glass cupboards??? Yes, that's what one will see if he happens to venture into the new foods lab, room A-6, this year.

Buchser High has added to the well-equipped homemaking department a new foods lab. It is equipped with electric and gas ranges and all the modern conveniences of a dream kitchen. It will also double as a Clothing I room.

There are six kitchens and six different pastel colors so that each kitchen is a different color.

County Fair Prize Winners

Four of the top award winners at the recent Santa Clara County Fair were (l. to r.) Larry Gamble, Wayne Pate, Stan Freitas and Dick Cline. Some 17 boys from the Industrial Arts Department won first or second prize awards in competition with all the high schools of the county. Proud sponsors of the Buchser exhibits were faculty members Mr. Tygrett and Mr. Phillips.

MATH DEPARTMENT EXPANDS PROGRAM

Because of Buchser's increased student body this fall, there have been several additions to our math department. Four new teachers, two improved courses in Algebra I and Plane Geometry, a new Algebra I text, together with all previous factors, are summing up to an even finer department this year.

The math instructors here for their first year are Mrs. Baker (business math) who teaches mainly in the Business Department, Mr. Bjornstad (General Math) who formerly was a superintendent of schools in North Dakota, Mr. Ludlum (General Math, Algebra I, and Math Fundamentals) who comes to Buchser from Ohio, and Mr. Vette! (Math Fundamentals, General Math, and Algebra I) who has served in the Navy and done graduate work at San Jose State.

Besides the improved courses offered in Algebra I and Plane Geometry, there are Math Fundamentals, Math Review, General Math, Algebra I & II, Plane and Solid Geometry, and Trigonometry. Each offers an opportunity toward a better understanding of mathematics.

DALTON IS FEATURED TEACHER

(Continued from Page 1)

This is his fifth year of teaching and his classes are strictly art now that he has joined us at Buchser.

Although born in Michigan, Mr. Dalton is definitely in favor of California's climate and his hobby aside from art is gardening.

A happily married man, John Dalton has a wife, Kathleen, and four lively children whose

names are Gary, Lynn, Dennis, and Valerie.

When asked about his favorite food, he replied in one word, "Beef".

While on the subject of food our teacher of the week mentioned his yard duty during fifth lunch. He is quite anxious to have people talk to him during his duty so he can get to know more of the student body at Buchser.

Lightweights Split Opening Games With Cupertino Hoopsters

The Dees won their first basketball game of the season, 24-20, over Cupertino. Top players of the game were Dave Mendoza, scoring 14 points for the Bruins, and Tony Garguilo who controlled the boards.

The Cees lost to Cupertino, 8-30. The starting line-up for the Cees was: FORWARDS: Jerry Gallo and Paul Finley; CENTER: Bob Morgan; and GUARDS: Gary Jacobson and Al Piedmont.

Coach Wagner said the Cees had first game jitters, and he feels they didn't show their top potential.

Other players include: Cees: Bill Chandler, Terry Davis, Vic Kato, Phil Peterson, and Marshall Soria.

Dees: Bill Abney, Don Bullock, Gary Chong, Marc Feldman, Louie Gonzales, Randy Hanson, Harold Hawley, Jim Hicks, Fred Kito, Richard Mader, Frank Mitchell, Mike O'Shea, Joe Sperandio, and Charles Vella.

DISTANCE RUNNERS LOOK LIKE WINNERS

Mr. Penick's cross-country team shows promise of a winning season. Jeff McLain and Steve Plake are two of the returning Varsity squad men. Wes Schroeder as a new member is a challenge to McLain and Steve Plake for top spot. Other hard working members of Buchser's returning team are Bill Pico and Dick Meisenheimer. Fighting for a top spot, Ron Pennington and Jim Tulluto, could develop into fine runners this season.

The freshman crop is looking good with Vernon Pico and Ron Wolfe. Both are working hard for a future varsity spot.

Others contending for varsity, j. v.'s and frosh-soph are Warren Weitzel, John Mills, Glenn Beckham, Clarence DeMello Pine, Chuck Rogers, Al Saxon, Bruce Vickers, Wes Brown, Dave Reaves, Bruce Wyse, Dennice Dolen, Bill Roberts and Ferman Romero.

Bruin Lightweights Lose Fur 15-0 To Fremont Indians

By GARY WILLIAMS

The Bruin lightweights had their fur lifted by the Fremont Indians, 15 to 0, last Friday night at Diesner Field in Sunnyvale.

A Bruin boo boo on their own 30 yard line cost them six points with only one minute gone in the first quarter, when the Indians recovered a fumble and five plays later scooted into the end zone with the first TD of the game. The conversion attempt failed.

The Fremont kickoff was taken by the Bruins deep in their own territory and that's where they were when the Indians nailed them. On the next play the Indians caught an unfortunate Bruin in the end zone with the pigskin and scalped him to add two more points to the Indians collection.

With 2:52 left to play in the second quarter the Indians charged into the Buchser end zone from the 23 yard line. Again the conversion failed. The score was then Fremont 15, Buchser 0.

That was the last score of the game for either team as the Bruins were confined to their own side of the field. The Indians came close to tallying a couple of time, but didn't quite make it.

Score by quarters:
Buchser 0 0 0 0—0
Fremont 9 6 0 0—15

GASABA SLATE

Both the C and D hoop squads will be attempting to improve last season's records. The C's finished the 1959 season in 7th place with five wins and six losses. The D's came in 9th among the 12 clubs with three wins and eight defeats.

The balance of the 1960 schedule follows:

- Sept. 28: at Los Gatos
- Oct. 6: Camden (here)
- Oct. 11: Bellarmine (here)
- Oct. 13: at Del Mar
- Oct. 20: Sunnyvale (here)
- Oct. 27: at Santa Clara
- Nov. 3: Fremont (here)
- Nov. 8: at Mt. View
- Nov. 10: Saratoga (here)
- Nov. 15: at Los Altos
- Nov. 17: Campbell (here)

All games start at 3:30 p.m. with the D's playing first.

HARRISON LEADS BUCHSER VARSITY FROM RUGGED FULLBACK POSITION

By MARY NEVES

This year's Varsity captain, pictured here with Bob Reem and Ron Gardner, is Pat Harrison. Pat is 5' 9½", weighs 170 lbs., and plays the position of fullback for the team.

Pat has been playing football for five years. He started playing organized football in the eighth grade for a Pop Warner team. Pat will also be playing baseball this year.

When asked if he gets nervous before a game Pat replied, "Always, it makes you play better and I hope it is just natural." He says he never worries about getting hurt for the more a person worries, the more apt he is to get hurt, and also he can't

play as hard when he worries. Pat likes having a lot of kids in the cheering section with a lot of school spirit.

"A team can't really win and feel satisfied about winning unless they have the support of all the Buchser Bruins at every game! A Palo Alto journalist wrote last year that Buchser High School had the best spirit of any school in any league that he had watched. So let's do it again!"

FOOTBALL SCHEDULE

DATE	TEAM	PLACE	TIME
September 23	Fremont	Fremont	6:00 & 8:00
September 30	Los Gatos	Los Gatos	6:00 & 8:00
October 8	Cupertino	Santa Clara	6:00 & 8:00

Sports Program Is Offered Girl Students

All girls interested in joining G. A. A. should contact Miss Swanson, head of G. A. A. The program is offered after school from 3:00 to 4:00 p.m. The only requirements are to have passed every subject.

There are four nine-week sessions: volleyball and tennis; hockey and badminton; basketball and modern dance; and softball and archery. One sport is played on Mondays and Wednesdays and the other sport is played on Tuesdays and Thursdays.

The officers of G. A. A. are as follows: Diane Garcia, presi-

dent; Virginia Cash, vice-president; Tamiko Morimoto, treasurer; Ann Parker, secretary; Lydia Gonzales, point recorder, and Charmane Johnson, publicity.

Bruins Fade After Checking Indians Until Final Minutes

By GARY STEINBACH

Buchser High's Varsity football squad was defeated in the last four minutes of play by the heavily favored Fremont Indians last Friday by the score of 19-6 although local oddsmakers predicted a 28-0 smash.

After the opening kickoff the Indians moved the ball to Buchser's 14 yard line, but a timely pass interception by Bob Reem gave the pigskin to the Bruins. Right halfback Ron Gardner ran 17 yards for a first down, but four plays later the Bruins were forced to punt.

A Fremont fumble returned the ball to the Buchser squad, but the Bruins could only make one first down before again having to punt. Fremont then advanced the ball to the Buchser 32, where the Bruins again took over.

The visiting Buchser squad gained no ground, and punted once more. This time a Fremont drive carried the ball to the one foot line. A fumble and a penalty moved the ball back to the 6 yard line, after which the Indians pushed the ball up to the 4. On the Indians' fourth down Buchser's Dick Williams caught the Fremont ball carrier for a four yard loss.

The Bruins took over, only to fumble and return the ball to the Indians who scored three plays later. The try for the extra point was no good.

Following the kickoff the Bruins ran only four plays before the gun sounded ending the first half.

In the second half the running of Pat Harrison and Ron Gardner and the passing of Bob Reem added up to an 88 yard drive for the Bruins' only score of the game. On the scoring play Bob Reem flipped the oblate spheroid to Pat Harrison in the end zone.

In the last few seconds of the third quarter a Fremont runner broke loose for an 83 yard touchdown run. A clipping penalty, however, nullified the effort.

The ball changed hands twice more before the Indians scored their second touchdown of the game with less than four minutes remaining. Again the extra point attempt was thwarted by the Bruins.
